

Synthetic Automatic Transmission Fluid (ATF)

Adaptive

DEX VI

Product Description

Goodyear Adaptive ATF DEX VI is formulated premium synthetic base oil and advanced additive technology, meeting and exceeding the requirements of the General Motors DEX - VI. Adaptive is technically advanced, low viscosity formulation specially designed to deliver and maximum fuel efficiency for modern automatic transmissions.

Benefits

Goodyear Adaptive DEX VI provides the following benefits :

- Extended transmission life
- Improved oxidation and thermal stability
- Optimized frictional properties
- Outstanding resistance against sludge and deposits formation
- Improved anti-wear protection
- DEX - VI is backward compatible and could be used in place of DEXRON III, III H and IIE applications
- Superior high temperature protection to effectively resist oxidation
- Unsurpassed protection against copper corrosion

Application

Goodyear Adaptive, ATF DEX - VI meets the stringent requirements of GM's transmission fluid requirements for 2006 and newer vehicles. Also recommended for BMW models equipped with GM series transmissions where specifying DEX - VI ATF and Mercedes Benz models requiring MB 236.41 spec fluid (must be verified with the OEM's recommendations and the fluid compatibility with the transmission assembly).

Goodyear Adaptive DEX VI is backward compatible and could be used in place of DEX III, DEXIII H and DEX IIE applications

Properties

Goodyear Adaptive DEX VI is blended with premium base stocks, a balanced additive package and is fully approved by GM and Ford for use in engines requiring their latest ATF specifications And it exceeds the requirements of JASO - 1A performance standard created by Japanese Automobile Manufacturers.

Typical Characteristics

Adaptive	DEX VI	PERFORMANCE LEVEL- MEETS
Specific Gravity @ 15°C	0.8420	Ford Mecron-MV (LV13081)
Flash Point, °C	175	Meets GM Dexron -VI-(J60172)
Pour Point, °C	<-40	JASO 1A-LV
Viscosity at 40°C, cSt	30.0	
Viscosity at 100°C,cSt	5.75	
Viscosity Index	180	

Typical physical characteristics of Adaptive DEX VI are given in the table. These are intended as a guide to the industry and are not necessarily manufacturing or marketing specifications.

Health & Safety

Detailed health and safety information for this product is provided in a Material Safety Data Sheet which is available upon request from your Goodyear lubricants sales office, or via the Internet on www.goodyearlubricants.me
